HUNTING REGULATIONS

General Hunting Regulations

1. All federal and state hunting rules, regulations and permit requirements apply, unless otherwise stated in these regulations. Individuals participating in this program must meet all access requirements as stated in the ACCESS section of this regulation.
2. Specific dates for hunting on TAFB will be established annually by the Installation Commander and made available as a supplement to these regulations. Hunting will be permitted on Fridays, Saturdays and Sundays during open seasons, except as indicated in the supplement. TAFB is closed to hunting on Thanksgiving, Christmas, and New Year's Day.
3. The Hunting Check Station (Building 4027) opens at 4:30 AM beginning the first day of Dove Season (Phase 1) and will be open every hunt day through deer season. Two lines will be formed as hunters arrive at the Check Station to wait for the opening at 4:30 AM (one line for DoD, which will be served first, and another line for non-DoD, as defined in ACCESS section paragraph 2.) Any DoD member will be given priority over non-DoD personnel at check-in. When the Check Station is manned, all hunters must check in at the Check Station before entering any Hunt Unit and must obtain an appropriate Hunt Stand pass. This pass must be attached to the rear-view mirror and be visible from the outside of the vehicle.
4. Hunters are required to immediately proceed to the appropriate hunting stand or blind as soon as the pass is issued and return directly to the Hunter Check Station when finished hunting to check out. Failure to do so will be considered **trespassing** and will result in **suspension** for the rest of the season.
5. All hunters are required to return to the Check Station no later than the posted check out time which shall be 1.5 hours after sunset. Pursuit of a wounded or downed animal must be terminated in time to make it back to the Check Station in time to check out. Violators will be considered **trespassing** and may result in suspension for the rest of the season.
6. Entry into the East Hunt Unit is through Farmdale Road and Road 98H. Entry into the Flightline Hunt Unit (DoD only) must be through the open Flight Line gate. Entry into the West Unit (DoD only) must be through either the Sabre Gate or the Airey Gate. Non-DoD hunters are not allowed in the West or Flightline Units; violators will be considered **trespassing** and will be banned for the remainder of the season. Information on banned permit holders will be forwarded to Security Forces for enforcement.
7. All game harvested must be checked at the Check Station. A full weight of deer is required, so if field dressed, the entrails must be brought to the Check Station in a bag or other suitable container. A jawbone for age data must be submitted to the Check Station Operator. NO EXCEPTIONS.
8. Failure to check in or out will result in the suspension of the privilege to hunt on TAFB for the remainder of the season.
9. Air guns (no PCPs) may only be used for gray squirrels. Shotguns, Muzzleloaders, Long Bows, Recurve Bows, Compound Bows and Crossbows are the only authorized weapons for use on TAFB. Shotgun ammunition for deer hunting is limited to slugs only. In the East Unit, crossbows may only be used during the archery season by hunters possessing a FWC Persons with Disabilities Crossbow Permit.
10. The East Unit is a designated Wildlife Management Area (WMA) by FWC. However, no Management Area Permit is required to hunt on Tyndall's East Unit.
11. Having a loaded weapon in a vehicle is prohibited. A loaded weapon is any shotgun with a shell in the chamber or magazine, or a muzzleloader with a firing cap in place, or a nocked arrow on a bow or crossbow. Weapons must be completely encased and locked, zipped, or tied shut while in a vehicle; ammunition must be kept separate from the firearm.
12. Weapons may only be loaded once the hunter has climbed into his/her tree stand. Weapons are required to be unloaded before exiting their tree stand.
13. No person shall possess any weapon, either assembled or disassembled, in TAFB areas closed to hunting or in TAFB hunting areas during a period in which hunting is not authorized. The only exception to this rule is that bows are allowed at the archery range. If contacted by Law Enforcement, you must identify that you have a weapon on your person or in your vehicle.
14. During Archery Season: Possession of a weapon other than a bow or crossbow in the West Unit and Flightline Unit is prohibited. Possession of a weapon other than a bow (or crossbow with a FWC Persons of Disability Crossbow Permit) is prohibited in the East Unit.
15. Possession of more than one weapon to take wildlife, while in a tree stand, is prohibited during all deer seasons.
16. It is unlawful to take or attempt to take wildlife from any place other than the pre-placed ladder stands belonging to Natural Resources and the pre-approved mobile stands/ground blinds for which you have a pass. Failure to follow this rule will result in suspension of your hunting privileges.
17. Hunting from your designated hunting stand or blind is the only method allowed to hunt deer, feral hogs, or coyotes. Stalking is prohibited.
18. Parking along paved roads is only allowed next to the wood line, not the road shoulder. Do not block any road with your vehicle.
19. All hunters will obtain approval from Check Station Operator before pursuing wounded game into any closed area or adjacent hunt block. In this situation hunters may call the Check Station at 850-771-5062 to get authorization.

where an edible substance has been deposited. Scent lures are allowed but must be removed when you leave your tree stand.

22. Deliberately leaving casings or shells on the ground is considered littering. Every hunter must make every possible effort to pick up any casing.
23. Deer hunting is restricted to the pre-placed ladder stands belonging to Natural Resources and the pre-approved mobile stands/ground blinds. Moving, or attempting to move the Natural Resources stands will result in revocation of hunting permit and possible legal prosecution. TAFB will have ~40 pre-placed ladder stands and will sell permits for pre-approved mobile stands/ground blinds. Except for disabled hunters (**Disabled are those certified as being 100% disabled and possessing a Florida Resident Totally and Permanently Disabled Person Hunting and Fishing Certificate**), all hunters must remove mobile stands/ground blinds after each hunt.
24. Limbs 1 inch or less in diameter may be removed from the tree the mobile stand is placed in. No shooting lanes shall be cleared, and no brush will be cut for natural ground blinds.

Weekend Only areas and the Flightline Unit (DoD only) scouting is only allowed on weekends, holidays or base wide down days. Scouting on hunt days is allowed from 10:00 AM to 2:00 PM after obtaining a scout pass from the Check Station.
