Hunting will be permitted on Fridays, Saturdays, Sundays, and some Holidays during open seasons, except as indicated in the supplement. TAFB is closed to hunting on Thanksgiving, Christmas, and New Year's Day.
3. Hunters must check in and out at the Hunting Check Station (Building 4027) when entering and exiting the installation and check all harvested wildlife. Live weights of deer will be recorded (field dressing is prohibited), jaw bones will be collected, and biological data will be collected from all harvested bears. Failure to check in or out will result in the suspension of the privilege to hunt on TAFB for the remainder of the season.
4. The Hunting Check Station opens at 4:30 AM beginning the first day of Early Season Waterfowl and will be open every hunt day through deer season. Two lines will be formed as hunters arrive at the Check Station to wait for the opening at 4:30 AM (one line for DoW, which will be served first, and another line for non-DoW, as defined in **ACCESS** section paragraph 2.) Any DoW personnel will be given priority over non-DoW personnel at check-in. All hunters will be given a hunting pass which must be attached to the rear-view mirror and be visible from the outside of the vehicle.
5. Hunters are required to immediately proceed to the appropriate hunting stand or blind as soon as the pass is issued and return directly to the Hunting Check Station when finished hunting to check out. Hunters must return no later than the posted check out time which is 1.5 hours after sunset. Pursuit of a wounded or downed animal must be terminated in time to make it back to the Check Station. Failure to do so will be considered **trespassing** and will result in **suspension** for the rest of the season.
6. Entry into the East Hunt Unit is through Camp Eagle Road, Det 1, Farmdale Road, and Road 98H. Entry into the Flightline Hunt Unit (DoW only) must be through the Tyndall gate or the Louisiana underpass.
